Letter Suggestions: Use this wording or your own to contact the above administrators and elected officials

Dear [_____],

I am writing to urge you to settle a fair contract with the faculty of West Valley-Mission Federation of Teachers as soon as possible.

I support:

- fair raises for all faculty and pay equality for PT faculty
- the District paying a fair share of health care increases going forward
- an equitable reimbursement fund for part-time faculty for their health insurance premiums
- the District removing its proposal on Article 20. I suggest that the administration take its ideas on organizational structure directly to the colleges' staff, faculty and students and use the current process of shared governance decision-making that is in the contract, Article 20.

Sincerely,

[YOUR NAME]
